

Warriors At 500 Knots: Intense Stories Of Valiant Crews Flying The Legendary F-4 Phantom Ii In The Vietnam Air War.

As the ground war struggled for success in Vietnam, it became intensely clear that the skies had to be owned by the allies for victory to have a chance. It was the F-4 and its pilots that made that possible. The author, a Phantom pilot himself, details intense stories of undaunted and valiant American pilots with their legendary fierce Phantom. These are personal stories of intrepid courage and self-sacrifice to get the mission done - whatever the cost. Fierce, unflinching battles to save friendlies and destroy a ruthless enemy are all recorded 40 years later. True tales of war at 500 knots!
