

## Dominos of Deception

The Dominos of Deception are on the trail of a monster whose duplicity was unleashed in Ms. Massengill's first novel, *Storm over Guantanamo*. A domino is a cape used by masqueraders to create an ambience of deception. Intelligence agents wrap themselves in similar cloaks—false names, occupations, and agendas—as they seek to find and eliminate their adversaries. As we follow their adventures, we sometimes ask ourselves this question: Do our heroes have a life outside the shadowy world of espionage? Gee Wiley's family—a multinational team of spooks—is hot on the trail of the Burned Man, a terrorist who plans to attack a nuclear power plant on Florida's West Coast. Without warning, Gee becomes the center of a whirlwind buffeted by assassins, rogue agents, and mad academicians. As the action moves to western Massachusetts, his safety depends on Wild Boy, the Scimitar of Allah, and the Redheaded Smokestack.
