

Fire and Steel (Fire and Steel Saga Book 1)

Everyone has their demons. Sometimes we become those demons. Jaime Redwood knows that all too well. As an agent for the International Bureau of Government Operations in present-day Seattle, Jaime and her partner, Liam Paige, are used to dealing with everything from interrogating federal prisoners to chasing down criminals in dirty alleyways. That is, until she meets Levi Traugott and Savir Benivieni. Savir is the younger brother to her best friend, Vitale Benivieni while Levi is a mysterious stranger she meets in the cemetery while visiting her mothers grave. One night at a BBQ, Jaime mistakes a guestroom for the bathroom and witnesses Savir feeding from the throat of a young woman. Savir enlightens her to the supernatural world of Lamia (vampires) and many other otherworldly species, twisting Jaimes world inside out. After an unfortunate case of mistaken identity, Jaime is kidnapped and held prisoner by the Diabli (demon) Levi, whos been chasing Savir to silence him before the Lamia can spill Levis darkest secret. When her friends come to rescue her, things take a turn for the worse. Levi attempts to feed on Jaimes soul, but is interrupted, causing her soul to latch onto the magic of his and corrupt itself. Now on top of becoming a demon herself, Jaime and her friends must figure out the second reason Levis come to Seattle and prevent an even deadlier enemy from rising. If she wishes to survive she must learn to find the balance between her humanity and her newfound demonic urges. If she wishes to win, however, she must be prepared to sacrifice it all. Which may include her life and her very soul.
