

# Fighting the Good Fight: Faith Through the Adversity of Terminal Cancer

Fighting the Good Fight is a journey of faith, love, and happiness, all centered around a life-and-death struggle for three members of my family who had been diagnosed with terminal cancer. Starting in 2007 and ending in 2012, life for our family was to see drastic changes, as everyday life had to take a back seat to the daily struggles for survival. I watched my family pull together and do whatever was needed to provide the necessary care for our cancer patients. In 2007, fate was about to deal us a card that would watch my angel walk with God on one side and death on the other. Ida was up to the task. She was ready to fight the good fight, as she would endure more than three hundred chemotherapy treatments in a five-year period. During the interim, my son-in-law's father, and then my son-in-law, would deal with terminal cancer.
