

In The Soup: Demented Recipes 2009 - 2014

A collection of delightfully short short stories spiced at times with a soupcon of horror. If you like unexpected endings, you will adore these little gems, Each is tightly packed with meaning and should be savored, one story at a time. Better still are the leftovers. Like a good pot of stew left overnight, there is new meaning and flavor to be found each time you dip into it again. Bon Appetit.
