

Star Sudoku - Medium - Volume 3 - 276 Logic Puzzles

Star Sudoku is Sudoku reshaped into a throwing star. Star Sudoku is similar to Hoshi Sudoku. This book is ideal if you already know how to solve Star Sudoku puzzles, but you find our hard or extreme Star Sudoku puzzles too difficult. Once you pick up this book, you won't be able to put it back down. You have been warned! Star Sudoku - Medium is a collection of 276 puzzles: 216 medium Star Sudoku puzzles 60 extra logic puzzles. Star Sudoku consists of six large triangles. You must place the numbers 1-9 into the triangular cells of each large triangle. Every line, even an uncontinuous line, contains every number only once. The row on the outer edge of the grid includes the cell on the nearest sharp end of the figure. I guarantee that every logic puzzle in this Star Sudoku puzzle book has been carefully checked to ensure that each puzzle has only 1 solution. None of the puzzles in this book will appear in any of the other English PuzzleBooks.net books.
