

## T.G. Masaryk (1850-1937), Vol. 1: Thinker and Politician (Studies in Russia and East Europe) (v. 1)

This is part of a series of three volumes which provides a critical assessment of the actual achievement of this university professor, who became the first President of Czechoslovakia. They assess Masaryk's value as a national and international politician as well as a scholar and publicist. Individual chapters consider such topics as his parliamentary activities, his contribution to the feminist movement, his involvement in the Austrian equivalent to the Dreyfus trial, his theories of Czech and particularly Russian cultural history and his sociological studies of literature.
