

## Melting the Darkness

Malcolm is a tortured young man who suffers severe physical abuse at the hands of his father. His mother died when he was young and his world was thrown into chaos. He tries to form relationships with girls but each in turn rejects him. Consumed with anger, he seeks revenge and that's when the murders start, and the psychological torture begins. Ben is a naive 17 year-old boy who is educationally challenged and is accused of the brutal murders. Their mental illness brings them together in an unpredictable way....
