

## Pans Road

The ancient hungry stones of Coptos in Upper Egypt have soaked up the stories of the inhabitants along with their blood. When archaeologists unearth a magicians box in the rubble of an ancient Egyptian tomb, it propels Jay into a supernatural journey across space and time. She merges with the mysterious Zenobia, a native of ancient Coptos. Zenobia and her family are fleeing from the advancing Roman armies that are returning to their Egyptian frontier bent on punishing its rebellious citizens. The only escape from the frying pan of Coptos is into the fire of the Eastern desert. Their journey on Pans Road is fraught with new dangers but also new possibilities, as the protagonists are led to the heart of an ancient mystery in the lost city of Ombos - Citadel of Seth, the Egyptian god of Chaos. This is a fictional counterpart to The Bull of Ombos
