

The wisdom of the sands

The final, deeply-felt summing-up of the authors experience and his philosophy of life. Choosing a desert prince as his protagonist and narrator, he presents the timeless problems of humanity against the austere background of the wilderness. The book abounds in vivid pictures of desert life, forays and sandstorms, mirage-born madness, beleaguered cities, caravans going their perilous ways. It may be read just for the sake of these scenes, so incomparably described, or read as an allegory of man and his grandeur, of his ends and the means that may lead to them and, most clearly of all, of the moral and spiritual values that unite the individual to God. Other Antoine de Saint-Exupery titles available from Amereon: The Little Prince (Translated by Katherine Woods) Night Flight Amereon books have been proudly made in the United States of America for over 40 years. The avoidance of OCR software in addition to sourcing the highest quality originals, allows Amereon to provide readers with the best possible hardcover books.
